Life Purpose

I walk the road of faith each day for
and with others in service to the
common good.

Vision

I act as a servant-leader to help
reform societal institutions. This is
the focus around which my activities
as a civic entrepreneur and shepherd
are centered.

Mission

I help others to discover and recover
the animating spirit which motivates
and guides them in their life and
work. I help leadership communities
develop the vision and mission of
their institutions of work that are
created to serve the world.
